JIMMY at The James →

\$\$\$

This is glitzy Manhattan à la “Sex and the City” for the modern day—a warm, dimly lit indoor lounge with floor-to-ceiling windows and spectacular views, and an outdoor patio with a pool. Come for a self-indulgent, decadent night on the town, complete with Champagne and tremendous Manhattan views; or come on a late summer afternoon in your finest swimming attire and sip a few frosés by the rooftop pool.
